

ADDENDUM TO THE GRASS CATCHER BLOWER

Refer to Grass Catcher Blower Manual, Form No. 41760 (9-86).
On page 6, Section 3.4 should read as follows:

- 3.4 Adjust the belt tension as follows (must be performed with engine off):
1. Move the control lever to the "ON" (left) position.
 2. Loosen the two nuts below the spring.
 3. Move the two lower nuts toward the spring to increase the belt tension and away from the spring to decrease the belt tension.
 4. Adjust the two nuts near the spring until the gap between the coils of the spring are about zero and lock the two nuts together.

On pages 7 and 8, remove the two hex nuts, Item No. 39, which are shown above the pivot (Item No. 40). The quantity for Item No. 39 should be revised to "2."

On page 12, Section 5.12 should read as follows:

- 5.12 Assemble the control actuating rod with the spring, flat washer, and two 5/16-18 nuts below the pivot. See illustration in Section 4.
