

NEW! GRAVELLY

Rotary Cultivator

Amazing New Ease for Your Garden Chores

Now you cultivate with POWER! The new Gravelly Rotary Cultivator makes your garden chores a snap—your garden weed free, aerated—with practically no effort!

The sturdy Rotary Cultivator attaches to the Gravelly Rotary Plow with only four bolts. The tines, of strong carbon steel, have a special self-sharpening design, are strong and

dependable. With the Gravelly Rotary Cultivator, when you hit an obstacle, you don't snap a tine—instead, the Gravelly Safety Clutch protects attachment and tractor.

Yes—new ease, new convenience in your garden work. . . never before has gardening been so easy!

Mulches as it cultivates
